

# Ward 4

A horror-tinged missing-person case in an abandoned hospital wing. Hard · about 75 minutes · 2 or more players. Everyone plays, including the host.

## WHAT YOU NEED

- This PDF, printed single-sided on A4 or Letter (black and white works)
- 3 envelopes or folders, tape, pens, scratch paper
- Everyone's phones (no app or account needed)
- Recommended: a laptop on the TV for the story, soundtrack and live events

## PREP (10 MINUTES, BEFORE GUESTS ARRIVE)

1. Page 2 has labels **A, B, C**. Cut them out and tape one to each envelope.
2. Every later page shows **Envelope A, B** or **C** in its top-left corner. File each page in the matching envelope **without reading it**.
3. Seal B and C. Leave A closed on the table.
4. Laptop on the TV: open the case link, tap **Host a new game**, then **Make this the Command Screen (TV)**, then **Enable sound**.
5. Players scan the QR code on the TV, type a name and pick a role. Don't tap Start yet.

## SET THE MOOD (OPTIONAL)

Lights off except one or two flashlights. Let the TV soundtrack play (hospital hum, heartbeat, whispers). Hang a white sheet or old lab coat somewhere it catches the light. Tell guests nothing beforehand except "wear dark clothes".

## HOUSE RULES

Don't open an envelope until the app says so. Don't search the internet; everything you need is on paper. Everything in this case is fictional.

## CASE APP

[casenight.pages.dev/ward4/](https://casenight.pages.dev/ward4/)

This is a public link: anyone with the game code can join. Every phone and the TV stay in sync. No printer? Skip this pack: every document is also in each phone's Evidence tab.

## RUNNING THE GAME

1. Tap **Start the case** on any phone. Lights down: a short story plays on the TV, then the clock starts. Open Envelope A.
2. Each role holds different evidence, so talk. Interrogate suspects in the app (each question costs a minute). Type answers into a phone; the app says when to open the next envelope.
3. **Live events:** the TV will throw pop challenges, team decisions and a blackout at you. Answer fast on a phone. Right answers add time; wrong or slow ones cost time.
4. Stuck 5+ minutes? Take a hint. Hint 3 gives the answer, so nobody stays stuck.
5. After Envelope C, file the final report. Then the true story plays on the TV.

# Migs is gone

San Isidro General Hospital, Old Wing · Saturday · 3:05 AM

VOICE MESSAGE TRANSCRIPT

FROM: KAT RAMOS, "MULTO MODE" SOUND ENGINEER

Please listen. I know how this sounds.

Me, Migs and Jules got permission to film in the Old Wing tonight. Ward 4, the fourth floor, the one that burned in 2009. Jules and I stayed on the ground floor watching the camera feeds. Migs went up alone with his headcam, livestreaming like always.

At 2:26 the stream cut out. Right before that, it showed a nurse. White uniform, white cap. Then Migs screamed. We ran up. He was gone. Just gone.

The police came, looked around for ten minutes and left. They say it's a stunt because we've been accused of faking videos before. This isn't fake. I've copied everything I could find. The guard mentioned a truck that comes to Gate 3 around five some mornings. I don't know if that means anything. Please hurry.

## YOUR TASK

Work through the evidence together. The case app asks one question per envelope. Each correct answer opens the next envelope. At the end, file your report: **who**, **how** the ghost was faked, and **why**.

In this envelope: A1 Kat's message · A2 Persons of interest · A3 Migs's last livestream · A4 Ward 4 floor plan and an old clipping

## Persons of interest

MULTO MODE LIVE · "WARD 4 ALONE"

AUTO-CAPTIONS FROM MIGS'S HEADCAM

2:14 **MIGS: Okay, Multo Mode fam. I'm out of the elevator lobby on four. Kat and Jules are on the ground floor watching the cams. I'm walking straight down the main corridor toward that old CHAPEL sign at the far end. Smell that? Smoke. Seventeen years and it still smells like smoke.**

2:15 chat · bebang\_q: ang tapang mo kuya

2:16 **MIGS: Nurse station on my left. The old patient board's still up, look. Right side is just burned wall. No doors, all sealed up.**

2:17 chat · ghostboi.ph: did something move behind the station??

2:18 **MIGS: Okay, I'm past the nurse station. Doors on my right now. Door one. Door two. Door three. The number's been scratched off. Guys. Guys. There's light coming from under this door. In a dead ward.**

2:19 **MIGS: Going in.**

2:20 **MIGS: What... boxes? Why are there boxes in here? These are new. Plastic wrap, printed labels. "For disposal"? Nothing in here is seventeen years old.**

2:22 chat · rhea.mae: kuya lumabas ka na please

2:23 **MIGS: There's a uniform hanging on the wall. White. With a cap. Oh no. Oh no no no.**

2:24 **MIGS: Someone's in the corridor. Ma'am? Hello? Ma'am, are you...**

2:25 [Door slams. Migs screams. For two seconds the camera shows a figure in a white nurse's uniform and cap. The face is in shadow.]

2:26 [Feed cuts out.]

Migs always narrates directions as he faces them: "my left", "my right".

### Nurse dies saving patients in hospital fire

QUEZON CITY. A fire tore through Ward 4 of San Isidro General Hospital's Old Wing on Friday night. All patients of the 38-bed ward were evacuated, thanks largely to night nurse Teresita Lacson, 41 (badge No. 17), who went back in four times. She did not come out the fifth time. The Old Wing's fourth floor has been sealed since. Staff say she was "the heart of Ward 4".

# Kat's search of Room 412

KAT'S NOTES, TYPED ON HER PHONE3:40 AM

The door with the scratched-off number is 412. It was unlocked. There's a battery lamp on the floor, still on.

**Boxes.** I counted 40. IV sets, antibiotics, surgical gloves, catheters. Every box has the same printed label: "SIGH Central Supply · CONDEMNED: FIRE-DAMAGED 2009 · FOR DISPOSAL". But the expiry dates on the boxes say 2028. Lot numbers start with 26. None of this was here in 2009.

**The uniform.** On a hook: an old-style white nurse uniform and cap. The embroidered name tag says T. LACSON. The thread is bright and clean. There's a folded receipt in the pocket (copied below).

**Migs's headcam** is on the floor, lens cracked, battery pulled out.

**Drag marks** in the dust, from 412 out into the corridor, heading east toward Service Elevator B. Not toward the main elevator lobby.

STATEMENT · JULES TAN

3:20 AM

"I know what people think. Yes, I used a projector last year, I've apologized a hundred times. It's in the van right now. Go look. It's still in its case, under three bags of cables, covered in dust. I was on the ground floor with Kat the whole time. I didn't do this."

STATEMENT · SISTER CELIA

3:25 AM

"Teresita walks at two in the morning. I have seen her twice, and once heard her cart. But you know, for years and years, nothing. She only came back this March. Mr. Uy told me to stop telling people about it. He said it was bad for the hospital. I said the truth is never bad for anyone."

STATEMENT · DANTE MORALES, NIGHT GUARD

3:30 AM

"I do two rounds a night, same times, I write them down. Since March, Mr. Uy said nobody goes into 412 because the floor there is unstable, and Old Wing alarms are rats. I follow instructions. My card only goes Ground to 4. I can't even get to the basement."

STATEMENT · ROLANDO UY, BY PHONE

3:35 AM

"I told those kids that floor was dangerous. This is exactly why. I'm at home, I was asleep. I'll come in at seven like always. I'm sure the boy is hiding for views."
